Figure 1 consists of six diagrams arranged in a 2x3 grid. The top row shows the distribution of points for two conditions (green and red) across four quadrants. The bottom row shows the total distribution of points across the four quadrants. Each diagram includes a circular area with a central square and four quadrants. The quadrants are labeled with their respective percentages of green and red points. The diagrams show the distribution of points across the quadrants for two different conditions (green and red) and the total distribution.
